Company: GOOGLE INC.

Position: Big Data Engineer

Dear Mr.Brown,

As a long-time follower of your company, I was excited to see the opening for Software Engineer on your job portal. The opportunity to work with your company and fulfil this role is a fantastic opportunity, and I feel that my education and recent job experience make me the ideal candidate for the position.

My professional experience has given me the opportunity to work with a diverse team and meet company goals in a timely manner. I know your company is looking to reach new customers and continue to grow, and I have a track record of promoting this in the workplace. As you'll notice in my attached resume, I have more than 3.5+ years of experience in Software and Big Data Engineering, I am obsessed with Data and the value it provides to any customers and business.

In closing, I am excited about the opportunity and feel can fully support the team as well as the business and encourage the overall growth of the company. I look forward to hearing more about the position and appreciate your consideration.
